

Jason Rector
Graphic Designer • Digital Marketer
Grover Beach, CA • 415-203-4226

Hello,

With over 20 years of experience as a Graphic Designer and 10 years creating digital assets for social media, ad campaigns, and email marketing, I bring a strong blend of creative and strategic skills. I have completed the Google Digital Marketing Certificate program, which enables me to offer an even more comprehensive digital marketing approach. From gathering market research and defining customer personas to using advanced SEO tactics, creating campaigns, and analyzing data and metrics to produce comprehensive reports, I now have the expertise to deliver tailored marketing strategies, through Google Ads, Meta Ads, and others, that guide customers through the entire marketing funnel—from initial awareness to final conversion.

I am passionate about helping brands stand out online and connect with their audiences in meaningful ways. I would love the opportunity to bring that same creativity, strategy, and attention to detail to your company.

Thank you for considering my application. I look forward to the opportunity to discuss how my design and marketing experience can contribute to your company's success.

Sincerely,
Jason Rector
